## WHY DO IMPORTED THOROUGHBREDS BREED BETTER THAN HOME BREDS?

ABRAM S. HEWITT

The object of this editorial is to pose this simple question. One has only to look at the winning stallion lists year after year to see that imported sires are swamping the home bred. Frequently four out of the first five on the list will be imported, while perhaps seven out of the first ten will also be imported.

The first answer springing to the mind and often to the lips as well, is that the opportunities of imported sires are so much better. This has undoubtedly become true, but primarily for the reason that they have earned the better opportunities. Had the domestic sires proved the better, then they would have earned the superior opportunities, and the flow of imports would have been curtailed.

Furthermore, it is not entirely a question of opportunities. Imported Bull Dog was a horse of unimpressive racing record. There was no early demand for his services. Yet his stock ran very well, and he became leading sire. Imported Heliopolis was another leading sire who started from the bottom. Seasons to him could have been had for nothing in the beginning. There were, in fact, only three foals resulting from his first season at stud, if my memory serves me. The case of Imported Princequillo was much the same. So it is not all a question of opportunity.

Other points have been made: 1. Imported sires get the advantage of hybrid vigor when crossed with American bred mares. 2. Abroad the racing pattern is such that horses are tested for stamina plus speed, while American horses are tested for speed only. 3. American horses are raced excessively. The average total number of starts made by a cross section of the offspring of the best sires in Britain is only ten. 4. The physical type of the true Thoroughbred changes when horses have been bred in

## The Chronicle of the Horse

the U.S.A. for several generations. 5. The amount of sunlight is much greater, both in total number of hours and in intensity, in the U.S.A. than it is in England, Ireland and Normandy. 6. The range of air temperature is much greater in the U.S.A. 7. American bred horses are without succulent green pasture, for three or four months in the winter and often for three months in the summer as well.

It would be a good thing, in my opinion, to have this problem thrashed out, to learn of the ideas held by various breeders and other authorities.

To this end I am offering a prize of \$100 for the best contribution to this question:

Why do imported Thoroughbreds breed better than home bred?

Since I am putting up the money, I will be sole judge of the contest, although I must confess I don't know the answer—not until the contributions come in, at any rate. (Editor's Note:—Mr. Hewitt is one of the noted Thoroughbred breeders of this country and President of the Virginia Thoroughbred Association.)

## Burroughs In Bed

Dear Sir:

I missed Raleigh Burroughs in the December 23rd issue, but see with pleasure that he is in twice in the issue which I shall enjoy shortly over a long cup of coffee in bed at late hours - the 12/30 issue. Find 2 weeks with no Monday and one week with no Raleigh Burroughs most disconcerting.

Sincerely,

Mrs. Sidney Swett

Bloomfield, Conn.

## Wrong State

Dear Editor:

I wish to call your attention to a mistake under a picture in the December 9th issue, Inter-School and (College Riding Competitions, by John H. Fritz.)

The picture on page 26 is of Peggy Hall, but the show grounds are not in Virginia, but at the Grier School in Tyrone, Penna.

Thank you,

Sincerely,

Toby Atterbury

## Do People Want More Racing?

Raleigh Burroughs

A recent survey, not conducted by the United States Testing Laboratory, revealed that there is not nearly enough racing.

This, of course, is contrary to what is supposed to be the "general opinion."

Most surveys, and "inquiring reporters" have elicited replies that indicate a majority of the people surveyed, or inquired into, are against expanding Turf operations.

Unfortunately, these noseey inquisitors base their conclusions upon what the interrogated parties say, and not necessarily what they believe or hope for.

A person being questioned about anything usually goes on the defensive. He is under pressure and may try (1) to say something clever (an utterly hopelessly objective), (2) not to sound like a jackass (also tough), and (3) not to incriminate himself with his wife, his boss or his pastor.

The smart thing to do would be to take the Fifth Amendment, but proud Americans like to say something when asked an opinion on anything.

In view of these facts, it is evident that no true picture of public opinion regarding more (or less) racing can be drawn from any balloting in which the voters must stand up to be counted.

### To Find The Truth

My survey (the one not handled by the U.S. Testing Laboratory or the impertinent representative of any daily paper) was built upon a corner stone that has been considered the truest yardstick of human behavior since time began. It is the old epigram, "actions speak louder than words."

Some trickery was used in getting the facts, but Mr. J. Edgar Hoover and

Sergeant Friday both know that to get the answers you've got to be just as shifty as the guy who's giving them.

If the representative of a statistics-seeking organization wishes to learn the percentage of disloyal spouses in a given precinct, he makes a sample survey by asking spouses point blank if they're disloyal.

Likewise, if the questioning newsman yearns to discover if the man (or lady) in the street drinks heavily while driving, he asks the simple question.

Members of the Kefauver Committee will tell you that you'll never get honest answers with so naive an approach.

You draw forth the truth by study and observation, and through questions that skillfully conceal the true objective. In that manner, my survey on the subject "Would you like to see more racing days in your community?" was conducted.

### Started With Question

Before the observation started, several people WERE asked the question, casually. They didn't know that they were being used as hamsters (or whatever they are using these days instead of guinea pigs).

Then, they were made subjects for observation. The evidence turned up proved conclusively that the poll-taking method of determining public opinion is worthless.

Notes taken by the observer-surveyor will bear this out. These notes follow.

SUBJECT A. Turf enthusiast (male). Age (He lied about that, too). Answer to question, "Do you think there should be more racing in your state?": No.

Subject is accountant by profession, but "loves horses". Has been observed taking off for Charles Town in weather that wasn't fitten for a dog.

### Bet Nothing But Money

Study of subject's betting activities revealed calm, detached approach, affected only by hunches, whims and information gleaned from conversations with friends or friendly strangers. Visits course whenever he can get a ride.

Answer to question "Do you bet every race?": No, not every one. Research showed this to mean not every one at every track, because subject found it impossible to be at every track on every afternoon.

During long, 35-day winter hiatus of racing in subject's native state, Agent 20-8-4 discovered subject A was patronizing at least two bookmakers and was having "if and reverse" bets going daily, plus assorted doubles and parlays. Only an accountant could keep account.

Agent 6-2-8-Even learned that subject purchased ticket in Peruvian lottery, Irish Sweepstakes and entered seven World Series pools.

CONCLUSION: Subject A is not getting anywhere near the action he needs with the amount of racing being served up in his state. He could stand 50 to 80 more days per annum without straining his betting budget beyond its normal abnormal limit.

### Girls, Also

SUBJECT B. Turf enthusiast (female). Age (same as in case of Subject A).

## Experimental Free Handicap

The Experimental Free Handicap, a rating in retrospect as well as a glance into the coming racing season, shows Miss Patrice Jacobs' Hail to Reason at the top of this year's listings. Even though now retired to stud following an injury which terminated his racing career in mid-September the brown son of \*Turn-to received the top impost of 126 pounds. The weights annually appear in the January issue of The Racing Calendar, official publication of The Jockey Club and were compiled, as they have been for the past six seasons, by Frank E. "Jimmy" Kilroe, official handicapper and racing secretary of that organization.

Second place in the poundages is shared by Mrs. Katherine Price's Carry Back and Mr. and Mrs. Grover D. King's Pappa's All at 122 pounds but the actual second position is accorded Brookmeade Stable's filly Bowl of Flowers at 120 pounds. With the five pound sex allowance considered Bowl of Flowers is rated higher than all but Hail to Reason in the listing of 128 Thoroughbreds which recently became three-year-olds on January 1, birthday of all Thoroughbreds.

The Experimental ratings, theoretical at this moment but a guide to owners and breeders in years to come, were begun by the late Walter S. Vosburgh in 1933. There was an immediate lapse of a

year when Mr. Vosburgh retired and before John B. Campbell started his scalings in 1935. Mr. Campbell continued until his death in 1954, after which Mr. Kilroe assumed the task. The weights were applied to actual races for about a decade at the old Jamaica track.

Only two others on the long listing received poundages of 120 pounds or more as Harbor View Farm's Garwol and Rex Ellsworth's Olden Times each received 120 pounds. The weights then scale down to 105 pounds assigned Bully's Lady and Alerted Girl.

Hail to Reason earned his top position by winning 9 of his 18 races and a total of \$328,434 even though the colt missed the big money stakes during the Fall. When he fractured two sesamoid bones in his left front foot during a training effort on September 18, Hail to Reason seemed to have the two-year-old division at his mercy. For this reason Kilroe placed him at the top of the Experimental, though Hail to Reason will have no chance to prove himself on the race track in the coming year.

Bred in Kentucky, Hail to Reason first came to the races at Santa Anita and proved disappointing in his two California starts. "It was then that Patrice started to calm him down by babying him", said trainer Hirsch Jacobs, "and once he was

The Chronicle of the Horse settled down he really began to show his worth". Jacobs, the only man in history to train more than 3,000 winners, bred Hail to Reason in partnership with Isidor Bieber and then turned the colt over to his daughter for racing.

It was not until April at Aqueduct that Hail to Reason reached the winner's circle but his 9 length victory gave an idea of things to come. The strapping colt won an allowance race and then won his first of seven stakes by establishing a track record in the Youthful at Aqueduct. After being unplaced in a pair of stakes, Hail to Reason accounted for four straight added money events, winning the Tremont, Great American, Sanford and Sapling.

Hail to Reason then suffered his final loss, being unplaced to Bronzerullah in the Saratoga Special. He finished the season with two sparkling victories. In the Hopeful at Saratoga Hail to Reason beat Bronzerullah by ten lengths establishing a track record and in his final race of his career won the Worlds Playground at Atlantic City by an easy four lengths.

Hail to Reason is the second son of \*Turn-to to lead the Experimental as First Landing was the highweight two seasons ago. \*Turn-to himself shared the topweight position at 126 pounds with Porterhouse for their form in 1952.

Last season there was also an unfortunate colt at the top of the list as Clifton Jones' Warfare was assigned 126 pounds but the grey colt's misfortune did

not come until after the weights had been announced. While training for the 1960 Triple Crown races Warfare chipped a bone in his heel and was retired. Kilroe's other top weights did very well as Venetian Way won the Kentucky Derby after being weighted at 124 and Bally Ache won the Preakness and five other stakes after being weighted at 122. Kilroe also called the turn in 1958 except for illness. That season he weighted First Landing at 128 but the colt was out of training for most of the season with a kidney ailment. Of his next four choices he had the Kentucky Derby winner, \*Tomy Lee; the champion sprinter of the year, Intentionally and the Horse of the Year, Sword Dancer.

During the time that Hail to Reason was coming to promise in the middle of the year on the East Coast a grey colt was rolling up victories in California. This was the California-bred Pappa's All who won six of his first seven starts including the Apple Valley and Bay Meadow Futurity. The son of \*PappaFourway then was second to Olden Times in the C. S. Howard but came back to win the Hollywood Juvenile. The colt was then shipped to Chicago when he won the Arlington Futurity and finished third behind Crozier in the Prairie State before a minor injury forced his retirement for the remainder of the season. Pappa's All is back in training at Santa Anita in California. During the past season he was placed in all 10 starts and earned \$268,460 with seven victories.

When Hail to Reason left the races in mid-September the Florida-bred Carry Back had not won a stakes event. But the brown colt was not on the sidelines long. On October 3 at Belmont Carry Back defeated an excellent field of two-year-olds in the seven furlong Cowdin Stakes and was installed as favorite for the Champagne Stakes, richest event on the New York racing calendar. Carry Back did not break well, all but eliminating himself at the start and finished last. A son of Saggy, best remembered as the only colt to defeat Citation as a three-year-old, Carry Back lost once more before finishing out his season with a pair of impressive wins. He scored an easy victory in the lucrative Garden State Stakes and then again handled his field with ease in the Remsen at Aqueduct. Carry Back is presently in training in Florida.

Three years ago the undefeated Idun received 120 pounds in the Experimental but one must go back to 1949 to find a filly weighted higher than Bowl of Flowers. In that season Myrtle Charm was given 121 and in 1947 First Flight was given 126 pounds, the highest weight ever accorded a filly in the Experimental. Bowl of Flowers received her weighting, in eight starts of which she won six. The big daughter of Sailor, who was sending his first crop of foals to the races, finished second the first time she went

to the post but thereafter completely dominated her division. Winning her first race in late May and then the National Stallion Stakes in June, Bowl of Flowers was rested by trainer Elliott Burch until September.

Again finishing second in her first start, the long-legged filly finished off the year with four straight victories including two in tremendous style. Being all but left at the post in the Gardenia, Bowl of Flowers made up some 16 lengths on her field to win in the last stride and then again in the Frizette the home-bred Brookmeade miss dallied at the beginning only to run down her opponents 'at the finish.

Following the top six comes a pair at 119 pounds; Harbor View Farm's Roving Minstrel and Fred W. Hooper's Crozier. The former won the Champagne Stakes and the Pimlico Futurity while Crozier scored in the Washington Park Futurity and Prairie State Stakes. Then at 118 are W. L. Grier Jr.'s Itsa Great Day and Middle Ranch's Short Jacket.

The flap is two thirds padded with sponge rubber, dooskin covered to afford unusual security. These padded flaps will greatly reduce the feeling of stirrup leather bulk at the thigh for far greater riding comfort.

The concealed knee rolls are moulded to afford greatest support. This new model is already extremely popular in European jumping competition and we predict it will be in great demand here.

## Inside The Wings 1961 Steeplechasing

Prospects for 1961 are the best in several years. Recently John Schapiro announced a hurdle program at Laurel similar to that of 1960. He stated, "The first event will be held on April 11. The second on April 13, with others following on Tuesdays and Thursdays until the final race on Tuesday, May 2." In giving the go-head sign for the second year, Schapiro continued, "When I agreed to program hurdle races last spring, I was not fully convinced it could be done successfully, but the enthusiasm of the fans, the closely contested events and the appearance at Laurel of most of the nation's leading Steeplechase stables, trainers and jockeys had a great deal to do with my decision. Hurdle racing is extremely formful and we

## The Chronicle of the Horse

are willing to continue this program year by year as long as the public responds."

Several weeks ago it was revealed that Delaware Park will again resume its jumping program this year after an absence from the scene in 1960 because of conflicting dates with New York. S. Bryce Wing, President of the N. S. & H. A. and Donald P. Ross, President of Delaware Park arranged a 1961 schedule which will see the traditional opening day fixture of the steeplechase season, The Tom Roby, carded on Monday, June 19. Continuing with brush and hurdle racing for three weeks, the final infield feature will be the Indian River Steeplechase Handicap on Friday, July 7.

With the turf at Aqueduct now a year older and in better condition, Steeplechasing at New York's showpiece will begin this year on May 8. In July, during the "dark" hurdle days at Monmouth Park, brush races will be carded at Aqueduct. These changes mean that without interruption there will be major track Steeplechasing from April 11 through October 27 as shown by the following schedule:

LAUREL: April 11-May 2; A. UEDUCT: May 8-May 31; BELMONT: June 1-June 16; RIVER DOWNS: June 3 & 10; DELAWARE: June 19-July 7; AQUEDUCT: Wed. and/or Thurs. in July; MONMOUTH: July 10-July 28; SARATOGA: July 31-August 26; AQUE-DUCT: Aug. 28-Sept. 29; BELMONT: Oct. 2-Oct. 27.

Stakes and Races. The return of Delaware Park to the steeplechase scene in 1961 will bring a renewal of the four jumping fixtures at that meeting with added money of \$37,500. In New York the longer steeplechase season will see a restoration of the Hitchcock Steeplechase Handicap, a traditional stake at old Aqueduct, last run in 1955. The 1961 renewal will be on July 20 and will be a two mile handicap with \$10,000 added. The longer spring season in New York will also permit certain revisions in the stakes schedule. Provision has been made for the older hurdle horses by programming The Bushwick on Thursday, June 8 at two miles with \$10,000 added. In the fall, The Rouge Dragon Hurdle Handicap will again be part of the Belmont program. Not run since 1959, it is scheduled for Tuesday, October 10 at 2 1/2 miles with \$10,000 added. Overall, the major track steeplechase season will be about one third longer than in recent years, with purses and stakes exceeding \$850,000.

National Steeplechase and Hunt Association Meetings. S. Bryce Wing plans to hold quarterly meetings of the Association instead of semi-annually as was the case in 1960. Advance notice of these meetings will list the agenda. As suggestions or criticisms are developed through the season, Wing plans to refer them to appropriate committees for study, followed by reports at the meetings mentioned. If the idea develops sufficiently, periodic forums will be held for informal discussions by all those who may be interested.

Outstanding young timber horse of the 1949 season, Cormac made every start a winning race until his tendon was severed by a fragment of glass while leading in the Maryland Hunt Cup.

Top bloodlines to produce speed and stamina. His sire, Bois de Rose, is a stakes winning half-brother to Bull Lea. His dam, \*Sauge, stems from stakes winning French lines.

Cormac is the sire of the stakes winner Eastcor and stakes placed Corkage (over brush). 90% of his starters are winners. He is also the sire of show ring champion Corpond. Cormac has proven jumping ability, quality and temperament to get hunters for field or show ring.

OVER THE MILLION MARK

For the first time in history, Florida-bred horses have gone over the million-dollar mark in winnings in stakes races in a single year, it was revealed by Bonnie Heath, president of the Florida Thoroughbred Breeders' Association. Twenty-one Florida horses won \$1,169,625 during 1960, and the total earnings for Sunshine State racers will be close to \$2,000,000 for the year, Heath said.

Thirteen different Florida-bred horses, two more than for 1959, won stake races from California to Massachusetts. Carry Back accounted for the world's richest race, The Garden State, last Fall. Eight other local horses were in the money in stakes.

The compilation shows 24 firsts, 25 seconds and 25 thirds in stakes races during 1960 for Florida-breds.

Carry Back, as expected, is the leading winner with \$286,299, followed by Heroshogala with \$126,445, Indian Maid with \$123,047, Roving Minstrel with \$120,380, Bronzerullah with \$90,482 and Noble Sel with \$43,362.

Heroshogala and Indian Maid were bred by Elmer Heubeck, Jr., Roving Minstrel and Bronzerullah by Ocala Stud, Noble Sel by Carl G. Rose and Carry Back by J. A. Price. All were foaled and raised on adjoining farms, Ocala Stud and Rosemere, in Marion County, near Ocala.

Of the other six Florida-bred stakes winners during 1960, Ocala Stud bred Conestoga and My Dear Girl. Prompt Hero was bred by Rose, Confuse by Fred W. Hooper, Dream On by Bieber-Jacobs Stable and Sandyjean by Mrs. Vincent Shea, Geechee Lou by Mrs. J. A. Prather.

## Newcomers to Florida Stallion Ranks

Frank Talmadge Phelps

A score of new stallions are listed in the "Florida Stallion Roster" elsewhere in this issue. This substantial number of new recruits, offering breeders in the Sunshine State a wide variety of bloodlines and racing records from which to choose, reflects the steady and continued growth of Thoroughbred breeding in Florida.

As an introduction to these Florida stud newcomers, we present herewith, in brief form, pertinent information on the new stallions for 1961, listed in alphabetical order. Also included in this review are several stallions who have previously stood privately, or at an unannounced location.

**ALCOVA**, 1951, by Gray Dream - Admiral Girl, by War Jeep. Standing at Mitchell Brothers Ranch, Elfers.

Won 15 of 76 starts and \$24,800 at two through seven. Unplaced in two 1960 starts.

Sire has gotten many stakes winners. Dam is producing daughter of Hazel Nut, by \*Bull Dog, an 11-race winning half-sister to stakes winner Gorget and to winner and good producer Fairy Hall.

**APOLLO**, 1952, by Mr. Busher - Jeanne's Poise, by Equipoise. Standing at Anthony Farm, Hialeah.

Won seven of 33 starts and \$44,225 at

two through five, including Hialeah Inaugural at four. Also second in first division of Tropical Park Inaugural Handicap. Unplaced in three starts at six.

Sire won National Stallion Stakes, Arlington Futurity, one other race and \$83,-875 in four starts at two.

**ASHENDEN**, 1951, by Spy Song - Driven Snow, by Ariel. Standing at Circle A Ranch, Valrico.

Won 11 of 85 starts and \$31,656 at two through eight.

Sire won Arlington Futurity, Hawthorne Sprint (new track record, 6 1/2 furlongs in 1:16 4/5), Chicago and Hawthorne Speed Handicaps, Myrtlewood Stakes, ten other races and \$206,325 in 36 starts at two through five. Unplaced only eight times.

Dam won 10 races, also second in Fashion Stakes to Pomrose (beating Steph-anita).

**ATOLL**, 1956, by \*Flushing II - Coral Island, by Errard. Standing at Elkcarn Farm, Lake Placid.

Won 11 of 27 starts and \$163,873 at two and three, including Myles Standish and Remsen Stakes at two; Swift and Gotham Stakes, Lamplighter and Longport Handicaps at three. Also second in Great American, Cowdin and Mayflower Stakes at two; and in Jerome, Ocean City

and Benjamin Franklin Handicaps at three. Unplaced only five times.

## THEN CONSIDER—

# \*TENNYSON II

CH. H., 1945, by STRAIGHT DEAL-FILLE de POETE  
by FIRDAUSSI

\*TENNYSON II, from a very limited number of horses to run, has the good winners Ynoil, Creswood Pat, Dirce, Gawain, Kamasutra and Shannondale. From his crop of six 2-year-olds of 1960, he had 5 starters, 4 of which won and 1 placed. His get have won from 5 furlongs to 1 3/8 miles. For good sound hard hitting runners - consider \*TENNYSON II.

\*TENNYSON II did not reach the races until his 4th year due to an injury suffered as a yearling. In 7 starts that season he demonstrated his outstanding class in racing against the top horses in England. He won Workop Stakes, Claremont Handicap, Trundle Stakes, Kingswood Plate and Eclipse Stakes.

\*TENNYSON II comes from blood lines noted for the outstanding sires they have produced. He not only has the pedigree to be a successful sire but his racing career proved his stakes class ability.

### BUTAZOLIDIN

All this fuss about Butazolidin seems to be getting a little out of hand. The whole Thoroughbred racing scene is in a complete flap because nobody can make up his mind whether Butazolidin ought to be allowed or not.

Racing is scared to death of public reaction. So instead of getting together and giving the public a clear-cut statement of the position of racing, the various elements in the sport run off in all directions waving their arms and making profound statements. All the statements conflict, of course. That is just the way not to engender public confidence.

It is agreed that Butazolidin is not a stimulant nor is it a depressant. It merely relieves aches and pains and allows a horse to run up to its potential.

The objection to Butazolidin is that a trainer can administer it or withhold it, thus affecting the performance of a horse. He also can do that with food, so maybe racing better do something about putting food on the forbidden list (but only in some states). And water too.

#### THE HEART OF HIS PEDIGREE

ASSEMBLYMAN was one of the better 3-year-olds of 1957. He won the \$25,000 Narragansett Sophomore Special easily from Ambehaving and the \$20,000 Independence Day Stakes at Narragansett from Big Paddy and Inswept. He was also second to Promised Land in the Knickerbocker Handicap and Lawrence Realization Stakes, second to Vertex in the Boardwalk Handicap and second to Manteau in the Yankee. He won at 2 and 3, and earned \$87,799.

The heart of Assemblyman's pedigree is the heart of the tremendously successful Beaumont Stud in Kentucky. He is a son of Menow (sire of Tom Fool and Capot) and is out of the Hurricane Handicap winner Libba, out of the brilliant daughter of Man o' War and Alcibiades, Salamina. The latter won the Alabama Stakes and the Ladies' and Gallant Fox Handicaps. Salamina produced, to the cover of Menow's sire Pharamond II, the \$105,710 stakes winner Athenia, the dam of Aesthete. The dam of Assemblyman's sire and the granddam of Assemblyman's dam is Alcibiades, one of the great foundation mares of modern American Turf history.

## \*Duplex 2nd

Chestnut, 1956

AUREOLE-DUPICITY, by NEARCO

\*Duplex 2nd descends from the sire line of the greatest breeding in England and Ireland. His sire Aureole, the property of Her Majesty, Queen Elizabeth is one of the most outstanding sires with a pedigree that dominates breeding today. Aureole won at 2, 3, and 4 years and from 6 furlongs to 1 1/2 miles, a classic winner of Stake races, he was also second in the Derby and third in the St. Leger. He has been the sire of several stakes winners including St. Paddy, winner of the 1960 Lingfield Trial Stakes, 1960 Derby and the 1960 St. Leger.

Duplicity the dam of \*Duplex 2nd has also one of the strongest pedigrees. Her sire Nearco undefeated in 14 starts led the English and Irish sire list in 1947 and 1948, the English sire list in 1949, and brood mare sire in 1952. Duplicity is out of Doubleton by Bahram out of Doublelife by Bachelors Double. Doubleton a full sister to Persian Gulf is also a half sister to Precipitation, two of the most prominent sires in England.

\*Duplex 2nd won the Shaw Maiden Plate 1 1/2 miles, second in the Princess of Wales Stakes 1 1/2 miles, fourth in the Eclipse Stakes 1 1/4 miles, and third in the Jockey Club Stakes 1 3/4 miles.

## Virginia Stallions

Ruth Kennedy

As the holiday season ends, thoughts turn to the forthcoming breeding season, and the never ending search for the proper stallion for the mare. To this end, the Old Dominion is fortunate in being able to offer the best bloodlines in the country to the breeder, whether your choice is a son of Hyperion, \*Turn-to, \*Nasrullah, Sunny Boy, Clarion, or what have you.

It was with regret that we announced the loss of the promising young stallion Midafternoon in late November. Sword Dancer was retired to stud in Kentucky, while Mill River Stable moved \*North Carolina, a son of Kingsway-Kitty Hawk by Precipitation, to J. North Fletcher's Crestone Farm to stand this coming season.

This year we have 18 new stallions standing in the state with an overall total of 154 stallions listed at this time giving the breeder an opportunity to pick the sire of his choice.

Assorted, dk.b., 1953 by \*Endeavour II-Michigan Candy by Michigan Boy. Assorted has been standing at stud in South America, but will be returned here for this coming season. A son of the successful sire \*Endeavour II, sire of such stakes winners as Divine Comedy and the undefeated Prove It, Assorted is a half-brother to the winners Sugar Coated, War Candy and Sweet Step.

## The Chronicle of the Horse Maryland Stallion Report - 1961

Joe B. Hickey, Jr.

Any similarity between the January roster of Thoroughbred stallions standing in Maryland and the one of a few months hence may be purely coincidental. Racing legislation expected to be introduced in the current session of the Maryland General Assembly at Annapolis could produce a beneficial upheaval in the state's horse-breeding industry.

Following an exhaustive study of Maryland racing conditions, the Rasin Committee of the Legislative Council recently recommended in its 22-point report the establishment of a Maryland-Bred Racing Fund which would create a \$600,000 purse pool to be distributed solely to horses bred within the state. Such a provision is expected to be written into an omnibus racing bill now being prepared for the solons' attention. It is understood that Governor J. Millard Tawes is in general agreement with the broad terms of the Rasin Committee's report.

In pattern, the Rasin Committee's purse fund plan follows closely that undertaken in Illinois several years ago, the main difference being in the financing and the distance provisions of the Free State proposal. Illinois obtains funds for its program from proceeds of the ninth race. Judge Rasin's group proposes to finance its plan from a percentage of the breakage.

Since its Illinois-bred purse program has been in effect, the state has jumped from eighth (in 1957) in Thoroughbred foal production to fourth in 1959. In the period covered Illinois virtually doubled (267 foals to 529) its production and in so doing displaced Maryland from its fourth position.

This year Illinois breeders will have \$465,000 - including eleven stakes worth \$177,000 - at which to shoot. As might be expected, such an incentive has produced marked changes in the quality and numbers of stallions and broodmares domiciled in Illinois.

If the Rasin Committee's Maryland-Bred Purse Fund is favorably received in Annapolis, a similar renaissance could be forthcoming in Maryland. It is for this reason that the stallion roster is subject to major change.

As for the present, 76 stallions comprise the Maryland roster. This is the lowest total for some years.

Additions to the list are Call Over, Chris K., Dark Etching and Sure Welcome. Call Over returns to Maryland after a sojourn of several years in Virginia. The 14-year-old son of Devil Diver-Duchess Anita, by Count Gallahad, had stood in Maryland in 1955-'56-'57.

Sure Welcome served a few mares privately last season and is being formally introduced to the Maryland horse-breeding fraternity this year.

Briefly, the following are the new-

comers' credentials;

Call Over, a chestnut horse, 1947, a one-time tenant of Art Rooney's Shamrock Farm, takes up stud duties at Tom O'Farrell's Windy Hills Farm, Westminster. A winner of 16 races and \$138,220, Call Over was best at maturity, winning the Rowe Memorial, Wilmington, Salvator Mile, Princeton, Quaker City and Trenton Handicaps at four.

His first foals reached racing age in 1956 and included the hard-hitting Mlle. Dianne, winner of the Regret Handicap and \$137,877. He is also credited with Creswood Dottie, top Maryland-bred juvenile filly of 1959, and victress in the Maryland Futurity and Pimlico Breeders' Stakes. Call Over is also the sire of the stakes-placed Nah Hiss.

Sure Welcome, a roan horse, 1951, by \*Mahmoud-Reigh Fleet, by Reigh Count, held on long enough to see that his owner-trainer, Carl Hanford, had a good one in Mrs. Richard C. duPont's Kelso. The 10-year-old stands at Pistorio Farm, Ellicott City, sharing stud duties with Sam Pistorio's Tuscany. The Hanford horse started 86 times in seven seasons, winning 20 races and \$61,760. Eight seconds and 10 thirds round out his record.

Chris K., a bay horse, 1950, by Sun Again-Valdina Singer, by Osculator, raced only briefly, winning once and being second once in two starts in his freshman year. His services can be had at \$150 per, on a live foal basis. Interested parties may contact V. Krebs and J. Shaeffer at Melrose Stable, Manchester.

Like Sure Welcome and Chris K., Dark Etching is being given a chance at stud without benefit of a stakes record. This fellow, a 7-year-old son of Illustrate-Black Lulu, by Zacaweista, calls J & J Stable, Silver Spring, "home." Toiling long for comparatively little, Dark Etching started 92 times, won 9 races, was second 11 times and third 10 times. His earnings totaled \$18,160.

Death riddled the ranks of Maryland stallions in months past, claiming the lives of Airflame, British Buddy, Cassis, Doub-Irab, Flo-Beau, Golden Voyage, Jimmie, Loser Weeper, My Redemption, Our John Wm., Shivaree and Swashbuckler.

Airflame, a pensioner at Country Life Farm in recent years, had to be put down on July 2 when the infirmities of his advanced age (26) required humane destruction. The one-time whirlwind, a son of Ariel-Flamante, by Flamboyant, was retired in 1955. During his stud career he sired the winners of 333 races and \$582,782 to December 31, 1959.

Shamrock Farm lost its patriarch on October 24 when Manager Elmer Duncan found British Buddy dead in his paddock, apparently of a heart attack. The 18-year-

old son of Pilate-Nell McDonald, by High Cloud, begot the winners of 368 races and \$698,181 to the end of 1959.

Doublrab, gray horse, 1938, by \*Sherab-Double Shamrock, by \*Double Entendre, came to the end of the line in March. He had been in ailing health since the turn of the year. A durable racehorse with a high turn of speed, Doublrab won 25 races and \$84,842. During the period 1948-1959 he sired 114 winners of 284 races and \$609,205. His best were Liberty Rab, Mr. A. B. Rablim, Avis and Derry. Once the pride of Florida's infant breeding industry, Doublrab closed out his career at William McDade's Paisley Farm, Phoenix.

Alfred G. Vanderbilt's Loser Weeper was perhaps the most notable loss to Maryland's ranks of stallions. He never sired a top horse but his get won, and kept winning. In 1959 he was one of only 33 stallions in the United States, Canada and the islands to sire the winners of as many as 100 races. And of the sires to attain this distinction none achieved it with as few foals.

Himself a winner of 16 races and \$232,920, the 15-year-old son of Discovery-Outdone, by Pompey, sired 119 winners of 290 races and \$774,620 in the

five years ending in 1959. This bread-and-butter sire will be missed. He had to be put down after breaking a leg in his Sagamore Farm paddock on August 18. Loser Weeper was buried in the Sagamore cemetery alongside the grave of his sire, Discovery.

Relocated outside of Maryland were John McShain's gray Blazing Count (to Hess Bros. Farm, Lexington, Ky.), Cheops (to Pennsylvania), and \*Kingsway II (to Ohio).

Other changes: Alaking now stands at Lake Fannie Hill Farm, Bel Air; Alerted's fee is changed to \$750; Alternative's is \$200, live foal; Binky B. is at Stone Court Manor, Hagerstown; Dictar's fee is \$350, live foal; Fritz Maisel stands at private contract; Frosty Whirl is at \$250, live foal.

Also: General Staff's fee has been adjusted to \$1,000, live foal; Maryland Day is to make the 1961 season at The Hedges, Finksburg; Prince Dare changes from private contract to \$500, live foal; Prince Sarto switches racing commissioners, moving from E. Taylor Chewning's Tacaro Farm, Tracy's Landing, to Chairman R. Bruce Livie's Bobanet Stables, Lutherville; and Saggy's terms have been changed to private contract following the "coming of age" of Carry Back, early favorite for the Kentucky Derby.

## The Chronicle of the Horse Leading Money Winning Sires

The roster of the leading sires of 2-year-olds of 1960 is headed by a star-studded trio - \*Turn-to, \*My Babu and \*Pappa Fourway. The star (\*) denoting an imported horse.

However, \*Turn-to's leadership rests on money won (\$330,154 in first-place money), which, while a fairly solid substance on which to base leadership, is due almost entirely to the efforts of one horse, the ill-fated colt, Hail to Reason, winner of \$322,679 himself. Three other winners among \*Turn-to's crop of 20 registered foals of 1958 were minor winners of one race apiece.

\*My Babu, second in the money-winning column, with first money amounting to \$301,527, had eight winners in his crop of 27 registered foals which were 2-year-olds last year. His star representative is Crozier, winner of \$141,461.

\*Pappa Fourway is also at the top thanks to one horse - Pappa's all, winner of \$260,411 of the \$267,023 credited to his sire. Two others in \*Pappa Fourway's crop of 14 were minor winners.

Fourth on the list is the American bred Saggy. Saggy will be recalled as the horse that upset the mighty Citation in the Chesapeake trial for the only defeat in Citation's 20-race 3-year-old season. Saggy is not alone the sire of winners of \$265,254 in first money but he had a substantial 10 winners among his 23 registered foals of '58. Saggy's star performer is Carry Back, one of the top contenders for 3-year-old honors this season.

Only three other imported horses appear among the 20 leaders in the money won division; they are \*Princequillo, \*Ambiorix and \*Promethee. \*Ambiorix is the only imported stallion appearing among the leaders according to "most winners" and "most races won", having sired 13 winners of 23 races.

Sharing honors for having sired the most winners are Johns Joy, a son of \*Bull Model Cadet, a son of Requested. Johns Joy and Model Cadet each had 15 winners among the 2-year-olds of 1960 but the edge of leadership goes to Johns Joy who had 29 registered foals of '58, one less than Model Cadet and Pet Bully, each with 30.

Not among the leaders on these lists but holder of an admirable record is My Host, a son of \*Alibhai, whose entire crop of seven foals of 1958 were winners at two last year; they included the stakes winners Brown Eyed Mary (\$22,425) and Casa Mia, (\$10,450).

## New Studs in New Jersey

Juno Cole

New Jersey boasts a record number of Thoroughbred stallions at stud for 1961, running the gamut from strictly imported bloodlines to Jersey-Bred horses who campaigned on the circuit and returned to stand for service in their own territory.

Your Host, who stands at the Meadowview Farm of Mrs. F. Wallis Armstrong, Jr. in Moorestown, and sire of the "Horse of the Year" - Kelso, owned by Mrs. Richard C. duPont of Bohemia Stable, leads the roster not only in New Jersey, but nationwide, and of this the Garden State's Thoroughbred industry is justly proud. Sharing the court of this great son of \*Alibhai is \*Sailor's Guide, who was Australia's delegate to the 1958 Washington D.C. International at Laurel. Upon capturing this event, this 9-year-old son of Lighthouse II-Jehane II, by Legend of France was purchased by a syndicate headed by Dr. Leon Levy of Jaclyn Stable. \*Sailor's Guide is now ensconced at Meadowview and offers the horse breeder a highly competitive line. To round out the list of stallions at the Moorestown center is the reliable Slide Rule, a son of Snark-King's Idyll, by \*Sir Gallahad III who has sired numerous fine homebreds - among them Decimal, Sorceress, and the recently-deceased Nance's Lad.

Among the younger set who have entered the stud this season are the promising McLellan, a 5-year-old son of Roman from the Rosemont mare O'Alison, owned by New Jersey businessman J. E. McAuliffe. McLellan stands at Amory L. Haskell's Woodland Farm in Red Bank where Mrs. Edward Feakes is the Farm Secretary and Mel Ryan is Stud Manager. McLellan joins Haskell's own High Sparkle, a full brother to the great handicapper Blue Sparkler, G. E. Lewis' young imported Black Star (Petition) and Samuel P. Steckler's Fort Salonga (\*Mahmoud), sire of the Paumonok victor Sir Salonga.

Stratmat, a 6-year-old son of Lochinvar-Elsewhere, by \*Alibhai, owned by Modan Stable, and winner of the first division of the Lamplighter, the Christmas and Royal Palm Handicaps, will make his initial appearance this season at Colonial Farms in Scobeyville. Stratmat joins the 7-year-old Fairfield, a son of \*Daumier-\*Celaeno, by Fairway, who raced in the gold and white silks of Colonial Farms' owner John and Santo Fieramosca. James J. Colt will stand Royal Farmer at the Scobeyville center this season. This son of \*Royal Charger from the \*Sickle mare Farmerette will have his first crop of Jersey-Bred foals this

Spring.

Charles Burke of Lincroft Farm, Lincroft, also offers three studs of note: his own outstanding Helvetic (\*Sir Gallahad III-Helvetia, by \*Hourless), sire of some top-notch racing stock, including the Prioresse winner Miss Royal, and Vet's Boy, Helbo, Hello Mom, Hello Pop, etc. In partnership with Charles Russell of Long Island, Burke will stand Supercolossal, by Polynesian-Fast Stride, by Display. Roman Fair, by Roman, will hold court at Lincroft Farm this year. Owned by Wallace J. Grove of Middletown, Roman Fair has sired the good winners, in his first crop, Roman Cookie, Gay Spangle and Denny's Girl.

Marise Farm in Eatontown offers a variety of bloodlines in a trio headed by Wise Margin, a son of the outstanding Market Wise-One Ripple, by \*Isolater, owned by Samuel Tufano, together with Master Ed, another son of Market Wise out of the great mare Tea Leaves, by \*Pharamond II, owned by Mrs. Peter Jarvis, formerly Miss Louise Tufano. Peter Scalcione's 4-year-old Bounty Hunter, (Hasty Road-Dearlea, by Bull Lea) will make his first appearance at Marise Farm for the year.

Ruff Acres Farm in Colts Neck offers still another three stallions in the 7-year-old \*Roistar, by Arctic Star-Roisin, by Rosewell, owned by Ruff Acres Farm and

Breeders in Virginia and along the Eastern Seaboard have obtained some of the finest broodmares in the world—are breeding excellent stakes horses. The Meadow hopes that the successful horses it has been fortunate to race and retire to the stud will give Eastern breeders an opportunity to keep their better mares at home.

## First Landing

was the champion 2-year-old of his year and is the world's greatest 2-year-old money winner. First Landing won important stakes at 2, 3, and 4 and \$779,577. He was always among the highweights and is considered one of the great horses of his time. First Landing, b. h., 1956, by \*Turn-to—Hildene, by Bubbling Over. Book Full.

## Third Brother

is the third of three stakes winning full brothers (after Hill Prince and Prince Hill) and is half-brother to Mangohick and First Landing. Stakes winner of \$310,787, Third Brother has had full books in 1959 and 1960. The first crop by this son of \*Princequillo includes many grand individuals. Third Brother, b. h., 1953, by \*Princequillo—Hildene, by Bubbling Over. Fee \$2,000 live foal.

## Bryan G.

a son of \*Blenheim II, was a stakes winner of \$165,625 including important stakes in New York in record times and the Pimlico Special. From his first 37 foals, 34 have raced, and 26 have won. This year he has out five 2-year-old winners, including the extremely promising stakes placed Ross Sea. Bryan G. is also sire of the stakes winner Yemen, of stakes placed Mark the Way, and other good winners. Bryan G., ch. h., 1947, by \*Blenheim II—Anthemion, by Pompey. Fee \$500 live foal.

## Doswell

has been bred to few mares but the quality of his produce has been exceptional. From 11 foals older than 2, nine have raced and seven have won. Among his winners are Willamette, winner of the Coaching Club American Oaks, and North End, winner Renton Handicap. His seven winners have won 31 races. J. S. Kroese, Golden Chariot, also seven, a son of Hyperion from the Fairway mare \*Safe Conduct II. Florida's Mackle Brothers have sent their 10-year-old Brookfield stud Ifabody to Ruff Acres for the season. Ifabody is out of the \*Heliopolis mare Itsabet.

The Hamilton Farm of James Cox Brady in Gladstone has added another stallion to the farm roster with Landing, a 5-year-old son of \*Alibhai from the Revoked mare Landmark. Landing will join Casemate (Case Ace), Basis (\*Bahram) and Artismo (\*Goya II). At the sprawling Briardale Farm of Anthony Imbesi, located in Estell Manor in south Jersey, stands Rico Tesio, a 5-year-old son of \*Royal Charger from the Hyperion mare \*Seraphin, and Loukenmac, a 7-year-old son of Double Jay out of L'Omelette, by \*Alibhai.

White Cachet, a young son of King's Bench-Star Pupil, by Early School, owned by Robert Dunlop of Mount Holly, will stand at the Marriott H. Prickett Farm, also in Mount Holly. Cronus, by \*Heliopolis from Gallawood, by \*Sir Gallahad III, will make his debut at the Samuel dePasquale Farm in Marlton. Avis, the 8-year-old son of Doublrab or \*Renown II from the Head Play mare Mesl will stand his first season at the Holbrook Farm in Stockton. Avis is owned by the

partnership of Pat Scorese and Harry Holland.

Viscount, an 8-year-old chestnut son of the great Jersey sire Case Ace, who stood at Joseph M. Roebing's Harbourton Stud in Harbourton until his death last January, will stand at the Wembley Farm of Georgiana and Leroy Foster, a brand-new Thoroughbred farm located near Englishtown. Viscount is out of the Count Fleet mare Quick Touch.

Ted M., by Peace Chance-Chop Suey, by Aneroid, owned by Mrs. Kathryn Brendel, who races in the name of Edenvale Stable, will hold court at Brookdale Farm in Lincroft in 1961. Jolly Jack, a 7-year-old horse by Johns Joy-Gal in Calico, by Balladier, stands at Clarence Nagro's Hilltop Stable, Sand Spring Road, Morristown. \*Mon Triomphe, an imported 6-year-old son of Calster-Milady Dear, by Mousson will join the 10-year-old \*Ambiorix-sired Chateau, who is out of Blue Deck, by Psychic Bid, at Carlton A. Hunt's Wit's End Farms in Oakland and Hardyston, New Jersey's northernmost Thoroughbred farm. Mr. and Mrs. George S. Howell will stand the homebred My Warrior (Greek Warrior-Win My Way, by Coldstream) at their Tourelay Farm in Scobeyville, together with Partners-All (\*Princequillo - Jackie Cochran, by \*Rhodes Scholar) and Vineland (Deliberator-Spotswood Girl, by Cavalcade). Vineland has sired the Champion and Reserve Champion of the 1959 and 1960 New Jersey

Chasmar Stud Farm in Spring Lake will again post Ace Admiral and the "all-imported" \*Babylonian, \*Beau Le Havre, \*Perilou II and \*Royal Beacon II at the "International Thoroughbred village" at the edge of Monmouth County. Spartan Valor will stand at the Helis Stock Farm in Jobstown, Faultless, \*Sharrah and Nathaniel will maintain their courts at Dhu Varren Farm in Far Hills... just a brief resume of the excellent selection of bloodlines from which to choose in the Garden State for 1961.

### BALD EAGLE SYNDICATED

Capt. Harry F. Guggenheim has announced the syndication of his 6-year-old stallion Bald Eagle (\*Nasrullah-Siama, by Tiger) with 35 shares at \$40,000 a share, giving the horse a book value of \$1,400,000. Bald Eagle won 9 races in this country and \$676,442 in purses. He will make the 1961 season at Leslie Combs II's Spendthrift Farm, Lexington, Ky.

### RETURNED TO IRELAND

Thirteen of Diamonds (The Recorder-Florrie, by Pharian), winner of the Washington Birthday Handicap at Santa Anita Park in 1954, has been returned to Ireland, his native country, and will stand at the Ballyrogan Stud, Riversdale, Redcross, Co. Wicklow in 1961. Thirteen of Diamonds won the Irish Derby in 1952.

A Classic Outcross of the Superb St. Simon Blood \*Le Beau Prince

For the most part unknown to American breeders, the pedigree of \*Le Beau Prince is, nevertheless, one of great classic quality and of proven merit in France and England. Here is an opportunity for American breeders to secure a brilliant outcross for their mares — an outcross, too, of intense St. Simon inbreeding.

\*Princequillo and his great tribe in America, plus Prince Rose and Prince Chevalier, etc., in Europe have revived the St. Simon bloodline . . . EVERY NAME IN \*LE BEAU PRINCE'S THIRD GENERATION HAS ST. SIMON IN ITS PEDIGREE . . . OVER 10 PERCENT OF HIS PEDIGREE IS ST. SIMON!

\*Le Beau Prince is a son of Fontenay who died early in his sire career. He sired many top horses including Tropique, First Guard, etc. Tornado sired four classic winners in Europe. Fifteen stakes winners come from \*Le Beau Prince's first three dams — such as Maurepas, Yasmin, Dictaway, Yorick, Foulaubin, etc.

\*Le Beau Prince won in America and defeated Decimal, King Grail, Star Rover, Beau Diable, Joe Jones, etc.

## **KEN-L-BISKIT...with more usable nourishment in every cup!**

Every cup of Ken-L-Biskit can do more to build firm muscles, a glossy coat, strong teeth and bones . . . to create the peak condition, the wonderful spirit and energy of a champion. This is why.

Nutritious, digestible foods go into Ken-L-Biskit to start with. There's a high-quality meat protein from meat meal. This is good solid nourishment—and it stays that way. Unlike many other dry foods, it is not "aerated" or blown up. **So, cup for cup, there's more protein, more vitamins, more minerals . . . more of every nutrient dogs are known to need.**

Then oven-baking increases digestibility. Oven-baking, too, enriches the great flavor of Ken-L-Biskit . . . makes it a food dogs will eat and love every day of their lives. Economical too! You don't have to feed as much Ken-L-Biskit to give your dogs all the nourishment they need. And read the back of the Ken-L-Biskit package. It tells about a new premium plan that can save you money on modern professional equipment.

## New Stallions in Kentucky

Frank Talmadge Phelps

The unusually high total of 31 new stallions have been listed to enter stud in Kentucky during the 1961 breeding season, according to announcements made by the first of the year.

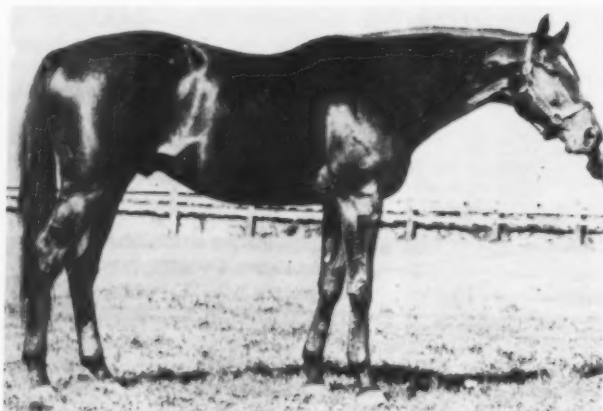

As usual, the group of stud newcomers contains a wide variety of performance class, stud fees and bloodlines to suit nearly every breeding taste and purse. There are top-class champions and rather ordinary runners, speedsters and stayers, precocious two-year-olds and late-blooming stars, sound horses and those that

broke down under the stress of the track.

Announced fees range from \$300 live foal to an uncompromising \$10,000 flat payment without guarantee or return. Some new stallions are listed at "private contract," which may mean almost anything; and the conditions for others have not been publicly revealed. Several of the stud prospects already had full books by the first of the year.

Three sires got nine of the new Kentucky stallions. \*Nasrullah continues to be the most popular sire of young stud horses.

### TROJAN MONARCH

Br. H., '50, \*Priam II-Evening Blue, by Blue Larkspur  
(Property of Hon. Geo. A. Garrett)

TROJAN MONARCH has an outstanding record for a young sire - all of his foals which have raced on major Eastern tracks have won two or more races. From four small crops he has had 18 starters and 13 winners of 46 races. In view of this success at stud, breeders in 1960 sent 35 mares to his court. This is a greater total of all mares served in the previous four seasons - but the stud fee has remained the same.

TROJAN MONARCH'S get includes Bonzo, which placed second to OPEN VIEW in the 1959 Kent Stakes; Trobar, winner of five races in 1960, placing in three handicaps, and total earnings of \$20,069; Gaylad, winner of nine races and over \$30,000, and the allowance winners Cotocton Prince and Supreme Ruler.

### AND NO WONDER

TROJAN MONARCH was a very fast horse himself, winning his first three starts, then second in a stakes at 2, before an unfortunate injury forced his retirement. With such early promise, no telling what he might have gone on to do. He brings to mares not only his own tremendous speed and handsome looks but also a potent cross of the great English PHALARIS on the great American DOMINO.

with five of his sons on the list. \*Ambiorix and Owen Tudor accounted for two stud newcomers apiece.

Ten of the new stallions are concentrated at four farms. Spendthrift Farm has four of the stud newcomers; and two apiece will stand at Darby Dan Farm and Patchen Wilkes Farm, respectively. These three breeding establishments are all located near Lexington. Claiborne Farm near Paris also boasts a pair of freshmen stallions.

Altogether, 20 of the new Kentucky stallions stand at farms near Lexington; four at Paris; three near Versailles; and one apiece at Frankfort, Goshen, Midway and Winchester.

Following is an alphabetical list, with brief comments on each, of the stallions entering stud or being imported for stud duty in Kentucky during 1961, according to announcements made by New Year's Day:

**ALARULLAH**, ch., 1955, by \*Nasrullah-Marguery, by \*Sir Gallahad III. Owner, Syndicate. Standing at Hermitage Farm, Goshen. \$500 live foal.

Won 12 races and \$52,010 at two through five. Second in Armed and Midwest Handicaps at four.

Sire won Coventry, Chatteris and Champion Stakes, two other races and 3,348 pounds in first monies at two and three in England. Leading English sire of 1951; leading American sire of 1955-6, '59-60. **BALD EAGLE**, b., 1955, by \*Nasrullah-Siama, by Tiger. Owner, Syndicate. Standing at Spendthrift Farm, Lexington. \$10,000 live foal.

Won Duke of Edinburgh, Craven and Dante Stakes, and 5,886 pounds in six starts at two and three in England.

Won Suburban, Saratoga and Gallant Fox Handicaps, and Washington, D. C. International at four in United States; and Widener, Gulfstream Park, Metropolitan and Aqueduct Handicaps, and Washington, D. C., International at five. Earned \$676, 442 in 23 starts. Champion handicapper of 1960. Unplaced in one American start at three.

Sire also got Alarullah (above).

Full brother to One-Eyed King (below). Dam won Jasmine, Acorn and Princess Doreen Stakes, Monmouth Oaks, Comely Handicap, four other races and \$79,785 at two through four.

**BEAUGUERRE**, b., 1954, by Mr. Busher-Model Beauty, by \*Blenheim II. Owners, Crab Grass Stable and H. K. Goodpaster. Standing at Patchen Wilkes Farm, Lexington. \$300 live foal.

#### Delighted

Dear Sir:

One of the highlights for me, of this Christmas season, was seeing the picture of Amble Home and myself in the December 2nd issue of The Chronicle. Nothing could have delighted me more.

One item of interest, though, Amble has started four times, at two and three miles, and has two seconds and a third to show for it. I rode him myself in three of those races, and I ride at 220 lbs., in a 23 lb. saddle. Needless to say, we always give away weight, and in the race at Lake of Two Mountains, Amble carried 243 lbs. to the winner's 183 lbs. If you count the way I do, that's a difference of 60 pounds.

Amble Home is by \*Ambiorix out of Fenino by Fenelon, stands 17 hands, with 8 1/2" of bone, and is 6 years old, Amble was bred in Kentucky, and raced in Canada briefly and unsuccessfully. I bought him at three and he didn't come into his own until he was five. My friends have always told me that he is not up to my weight, but as yet no one has told him.

Best Wishes,  
Barbara Bonnell

#### Identified

Gentlemen:

The picture of the two beagles you ran in your issue of December 16th issue (page 35) without identification, are two typical Sun Valley Beagles, half-sisters, sired by Int. Ch. Opus Tubac Trumpeter, the top producer of Champions in the west. The one on the right is now Champion Ramon's Lulu of Sun Valley who went through to her championship with ease; the other was never shown.

Yours truly,  
Byron B. Jeffrey, Comdr. USN (Ret)  
Owner of Sun Valley Beagles

## ALY KHAN-GALBREATH DISPERSAL

At the recent Breeders' Sales Company's sale of horses of all ages at the Keeneland Sales pavilion near Lexington, Ky., the featured lots were the broodmares and yearlings, the joint property of Mr. and Mrs. John Galbreath and the Estate of Prince Aly Khan. The 22 horses in this group brought \$369,600, averaging \$16,800. Mr. and Mrs. Galbreath purchased 11 for \$295,000, including the 11-year-old mare \*Omelia II (Owen Tudor-Dodoma II, by Dastur), a half-sister to Diableretta, who brought \$60,000, and is believed to be in foal to Swaps. The underbidder on \*Omelia II was John McShain of Philadelphia. The Galbreaths paid \$55,000 for the 11-year-old mare \*Mah Pak (Nearco-Mah Iran, by \*Bahram), a half-sister to the Prix de L'Arc de Triomphe winner, Migoli, and to Star of Iran, the dam of Petite Etoile. They also bought the top

### Tropical Park

Nine 3-year-olds started in the 2nd running of The Broward Handicap at Tropical Park, on Saturday, January 14. The one and one-sixteenth miles handicap stakes had a \$15,000 added purse.

Jockey J. L. Rotz gave L. Chesler's Kings Song a well-paced ride and withstood the effort of O. Phipps' Shavetail to take a close decision, by a half length. Grandview Stable's Bethel Park came in third and Wheatley Stable's Royal Record, fourth. The time for the 1 1/16 miles was 1.42.

Kings Song is a chestnut colt, by Royal Serenade - Allie's Pat, by War Dog, bred by Mereworth Farm. E. L. Holton trains the colt. The triumph was worth \$11,180, to the winner.

### Santa Anita

The 10th running of the La Centinela Stakes at Santa Anita on Tuesday, January 10, flushes out a dozen 3-year-old fillies. An allowance stakes, at six and one-half furlongs, the prize was \$15,000 added.

A. J. Crevolin's Mighty Fair, handled by jockey J. Longden, finished a neck in front of El Peco Ranch's Chicha for the honors. Elmendorf's Oil Royalty was third and Merrick Stable's Great Dane, fourth. The time for the 6 1/2 furlongs was 1.17 1/5.

Mighty Fair is a bay daughter of Decorated (a Balladier horse) out of Fairy Mist, by \*Rico Monte, bred by her owner. Mr. Crevolin must be justly proud of the filly, as she is one of a crop of two foals of 1958, sired by Decorated. It was her first stakes victory and netted \$11,200. V. Cowdell collected the trainer's fee.

### Santa Monica Handicap

Santa Anita's \$15,000 added Santa Monica Handicap on Thursday, January 12, was divided into two divisions. The 5th running of the seven furlongs stakes drew nineteen starters, fillies and mares, 4-year-olds and upward.

A field of ten made up the first division and jockey Willie Shoemaker took care of this section by bringing home R. Lowe's Taboo to a length and one-half score over A. H. Heller's \*Sue III. H. B. Keck's Paris Pike was the show horse and Mrs. E. D. Jacob's Sister Antoine took down fourth money. The winner's time was 1.28 over a fast track.

Taboo is a 4-year-old grey filly, by Native Dancer - Evening Mist, by Eight Thirty, bred by Mrs. John W. Hanes. J.

H. Adams is the trainer. Taboo's take-home pay was \$11,125.

Jockey Shoemaker got permission from the stewards to dismount and weigh in after the first division and then weighed out for the second division as the Jockey for C. V. Whitney's Swiss Roll, which he gave a nifty ride for a four and one-half length triumph over Mr. and Mrs. K. Godby's \*Wiggle II. Mrs. C. M. Ring's Tritoma finished in the show spot. H. B. Keck's Nascania was fourth. Swiss Roll ran the seven furlongs in 1.22 1/5.

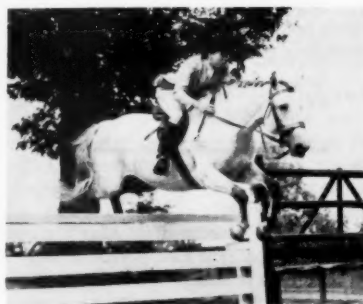

The winner is a 4-year-old bay filly, by Counterpoint out of the Revoked mare Revolve, bred by her owner. R. L. Wheeler handles Swiss Roll. The victory added \$10,925 to the C. V. Whitney coffers.

### San Fernando Stakes

Six 4-year-olds turned out for the 10th running of The San Fernando Stakes at Santa Anita, on Saturday, January 14. The one and one-eighth miles allowance stakes offered a purse of \$50,000 added.

"Mr. Cool" (Willie Shoemaker) wrapped it up with R. C. Ellsworth's Prove It. The combination finished a half-length in front of C. V. Whitney's Tompon. Prove It carrying 113 pounds, had a ten pound edge over Tompon. Kerr Stable's Prince Blessed was the show horse and E. Seinfeld's Don Rickles finished fourth. The C. R. Mac Stable's T. V. Lark, the favorite, ran fifth.

Prove It is a bay 4-year-old colt, by \*Endeavour II-Time to Khal, by \*Khaled, bred by Mr. Ellsworth. Trainer "Mish" Tenney had his charge in the right spot at the right time, as it was Prove It's first stakes victory. He had previously run in one maiden and six allowance races as a three and four-year-old, making no starts in his juvenile year. It was his seventh victory (plus one second) out of eight starts in his career. The net value of the purse came to \$31,900 and gives Prove It a \$50,200 bankroll.

## New Stallions in Pennsylvania

George J. Kappler

Symbolic of an anticipated revival of Thoroughbred racing in the Keystone State, two leading breeders have placed the emphasis on quality instead of the traditional quantity by their new additions to Pennsylvania's stallion ranks for 1961.

In the west, Gen. Richard K. Mellon has imported a striking chestnut son of the brilliant Aureole, leading British sire in 1960.

\*Duplex 2nd, ch., 1956, by Aureole - Duplicity, by Nearco, radiates quality, not only in appearance but in pedigree and performance. Like his legendary sire, Hyperion, Aureole attained the leading sire crown when his oldest offspring were four-year-olds. He has made an exceptionally brilliant beginning at stud when Saint Crispin III, from his first crop, won the Prix de l'Arc de Triomphe (one and one-half miles) in France and the Eclipse Stakes (one and one-quarter miles) in England, and when St. Paddy, from his second crop, easily won the Epsom Derby (one and one-half miles) and Doncaster St. Ledger (one and seven-eighths miles).

Aureole won 7 races from the age of 2 to 4, and at distances from three-quarters to one and one-half miles, including the classic King George VI and Queen Elizabeth Stakes at Ascot, the Coronation Cup, the Hardwicke Stakes. He placed second in the Derby to Pinza and third in the St. Ledger to Premonition and Northern Light. He was the first foal of the high-class runner Angelola, by Donatello II, out of the 1,000 Guineas winner Feola, grandam, through another high-class daughter, of Round Table.

Duplicity, the dam of \*Duplex 2nd, won the Scarborough Stakes at Doncaster as a 3-year-old; she also ran third in the 1,000 Guineas. She has produced two other stakes winners among her five winners, including the two-year-old Dual, who won the seven furlongs Solario Stakes in 1960. The second dam, Doubleton, by \*Bahram (Triple Crown winner and undefeated, as was Nearco) is the dam of Virginia's Hyperion stallion \*Double Eclipse; also the second dam of Meld, the great English filly, who won the St. Ledger, 1,000 Guineas and Coronation Stakes.

\*Duplex 2nd, who bears a striking resemblance to his sire, and is stamped with the four white feet so characteristic of his grandsire Hyperion, demonstrated the inherent stamina in his classic pedigree by breaking his maiden in the one and one-half miles Shaw Plate, and then placed second in the one and one-half miles Princess of Wales Stakes, third in the Jockey Club Stakes at one and three-quarters miles, and fourth in the shorter Eclipse Stakes of one and one-quarter miles.

In summation, breeders should note that \*Duplex 2nd is not only a well-con-

formed product of the leading Hyperion sire in England and a classic producing female family, which is turning out prominent sires in Precipitation, Persian Gulf and \*Double Eclipse, but that he represents a desirable infusion of the most successful present scions of the foundation sires Gainsborough and Phalaris, with the inbred inheritance of Blandford obtained from his grandams in the fifth and fourth generations.

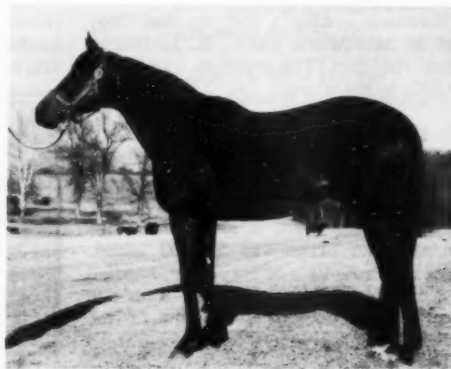

Standing at Rolling Rock Farms near Ligonier under the astute tutelage of Manager William Bale.

In the east, Mr. and Mrs. Samuel F. Pancoast have purchased the proven sire, Lord Putnam, br., 1948, by Requested - Star Miss, by Hadagal. This robust 16.2 hands stakes winner has 48 winners from 62 foals in his first four crops, including

---

three stakes winners, one in his first crop and two in 1960.

Brush Fire won the Select Handicap at Monmouth and the Gravesend Handicap at Aqueduct (1.09 2/5). Thirteen Grand won the Duncan F. Kenner Stakes at the Fair Grounds in New Orleans. Board Man won the Hialeah Juvenile Stakes. Lord Mike won the Fair Hill Steeplechase Handicap.

Lord Putnam was never out of the money at two and won five out of six starts, including 3 stakes: World's Playground at Atlantic City, William Penn at Garden State, and the Narragansett Nursery.

Requested, by Questionnaire, won nine stakes races, including the Wood Memorial and the Flamingo and \$113,000. He sired 13 stakes winners.

Star Miss is a granddaughter of \*Sir Gallahad III. Her dam, \*Starweed, who produced the stakes winners Teddy Weed and Tall Weeds, was an offspring of the Phalaris - Chaucer nick, made famous by Pharos, Fairway, \*Sickle, \*Pharamond II and other highly successful sires.

Standing in Chester County under the owners' personal supervision at Echo Dell Farm, near Downingtown.

## Raleigh Burroughs

Continued from Page 3

Answer to question, "Do you think there should be more racing in your state?": No.

Subject is editorial worker and student of horses, jockeys and motives of trainers.

Visits track on days of big races.

Answer to question, "Do you bet every race?": No, not every one. Agent 20-8-4 found that this Subject makes up for dearth of racing days and dates by playing three or more horses in a race for insurance."

Agent 6-2-&-Even found that subject bought into Peruvian lottery, patronizes sweepstakes and had a buck in nine different football pools.

Agents are not sure that Subject B patronizes bookmakers. Have tapped in on conversations with unknown persons, "Mike" and "Bennie", in which Subject made remarks like "First at Tropical, Daehlen; second at Tropical, Admiral F.;

third at Tropical, Melpet, Jr.; seventh at Tropical, Hill; eighth at Tropical, Kings Song; ninth at Fair Grounds, Grand Wizard; and seventh at Santa Anita, Prove It. Two each to win and a two-dollar double."

### Evidence Presented

Agents did not consider this conclusive evidence that Subject was consorting with bet-takers, but are willing to bet that way.

CONCLUSION: Subject B could use a lot more racing in her home state if her betting requirements are to be met.

There is little use in giving reports on Subjects C and D. They are much the same as those on A and B.

All subjects declared by word of mouth that there was enough racing for anyone, but by their actions showed that they, personally, just weren't getting enough betting.

SUMMATION: Ask a person if he favors more racing and he'll say "no," but will keep reaching out for more of it just the same.

My own opinion is that there's plenty of racing in my state, but I'd still like to be able to have a winter-book bet going on the Santa Anita Handicap.

## Hot and Cold Horses

Any student of argumentation and negotiation, and most of the HBPA divisional leaders have earned the equivalent of a Ph.D. in this field, knows that when the opposition seeks to divert attention from the main issues by dealing in irrelevancies, the lack of merit in the case they support is very obvious. One of the irrelevancies which the proponents of the case for the blanket indictment of all medication by the preservation of the status quo have attempted to project into the entire problem of medication is the possibility of horses running "Hot and Cold," according to whether or not they have medication. This, of course, is a separate problem which has nothing whatever to do with whether or not horsemen should be permitted the humane privilege of medicating their horses with all medicines not otherwise professionally classified as stimulants, depressants, or local anesthetics.

This problem of "Hot and Cold" horses is already within the province of the Stewards to solve, but only a few of them ever make much of an effort to solve it. This has been true for many years now. The responsibility for the situation rests squarely on the shoulders of track management because of the type of officials they have been hiring, developing, and promoting as racing has expanded over the past 25 years.

Many of today's Stewards, let's face it, are commonplace individuals with nothing to distinguish them in their roles as the supreme authority of the day's racing except the fact that they have been caught up in the tide of racing's expansion and projected into a higher income bracket and to a higher level of responsibility and integrity than they could normally have expected to find themselves. This, of course, tends to make them basically insecure. The fact that they have to depend upon the whims of track managers for the privilege of earning a living makes them even more insecure and inclined to conform by not "rocking the ship," so to speak, with the type of supervision the sport so badly needs.

Yet when an attempt was made to provide these men with enough security so that they could afford the luxury of complete integrity by suggesting that a Stewards' Pool be formed under the supervision of Marshall Cassidy of The Jockey Club, the jealous little men of the officiating profession scuttled this idea with the help of those track managers who will always want to look over the shoulders of their officials and play their hands for them when they are of that mind.

However, at the time there were only two organizations with enough courage and foresight to indorse the suggestion. The Jockey Club and the HBPA. Seven years later we are still confronted with the officiating problems that all other sports

have resorted to many long years ago, the separation of the assignment of the officials from management.

Conditions might, in fact, be even worse if it wasn't for The Jockey Club's School for Officials and its policy of loaning out young officials to those tracks smart enough to avail themselves of a service which functions on a voluntary basis much as the suggested Stewards' Pool might have functioned if it had been given a chance. Strictly speaking, however, we can't expect to see a consistent improvement in the quality of our officiating in racing until the assignment of our officials is completely divorced from management.

Management, of course, is never happy to give up authority and probably won't easily relinquish the authority to hire its own officials until the industry is rocked by a scandal of sufficient proportions to make them push the Panic Button. A prospect, of course, which is inevitable if we continue to get the kind of officiating that we are getting in so many areas in an era where the officials seem to think that the duties of a Steward consist of tabulating the handle race by race, knock over a few straw dummies in the shape of some little horseman with no "strength" behind him, while permitting "the cheaters" to perform without even being questioned.

Your honest horseman who is not looking for an edge would welcome strict officiating because the man who is on the level is operating at a terrific disadvantage if he must compete against somebody who can, as we say on the back stretch, "take his best holt" with impunity. And nobody knows that better than the horsemen. Show us a race track where the Stewards go home after the scratches are out and write letters, or play gin rummy, between races and we'll show you a race track where the horses are bound to run "Hot and Cold."

A good racing program, like anything else worth attaining, can only be attained by hard work and long hours of effort. Racing, of course, will pay more for the right kind of stupidity in the right spot than any other business we know, but even racing can't expand and develop by perpetuating stupidity because it is seeking conformity in its officials. "Hot and Cold" horses would be the least of our worries if our officials were developed, educated, and assigned by an independent authority instead of under the current form of serfdom so popular to both a certain type of official and a certain type of track operator and manager. ### IRISH KENTUCKY COLONEL

Max Cosgrave, MRCVS, the well-known Co. Dublin veterinary, received the award of a Kentucky Colonel, from Governor Fred Combs recently, and is believed to be the only living Irishman to be so honored. "How do you get it" we inquired of an American official at the Embassy (who hails from the west coast). "Why, it's easy," he replied, "Show them how to win a Bowl game and you're in." Incidentally, we drank a few toasts with the boys when Washington defeated Minnesota U by 17-7. We had quite a night, in fact! P. de B.O'B.

### \*MESEMBRYANTHEMUM

You may recall that a couple of years back there was an English import running in this country with the larynx-fracturing name of \*Mesembryanthemum.

This animal didn't exactly set the world on fire as a runner, even though he did have the announcers and the chart callers talking to themselves. So now \*Mesembryanthemum has retired. But he hasn't retired from the track. He is John Nerud's lead pony.

That is a good deal all the way around. \*Mesembryanthemum is a handsome beast. So this way people can see him without having to pronounce that name. The name, incidentally, means a rock flower in Ireland. I never could understand Irish anyway. R. J. Clark

The couple will reside at Ruff Acres Farm, Colts Neck.

## VIRGINIA PT-TO-PT MEETING

In response to an invitation from the editor of "The Chronicle of the Horse", representatives of seven point-to-points, six in Virginia and one from Potomac, Md., met at the Red Fox Tavern, Middleburg, Va. on Friday, January 6th to discuss dates for the coming point-to-point season and other matters connected with the running of these races. Virginia meetings represented included Casanova, Rappahannock, Blue Ridge, Middleburg, Piedmont and Orange County. After settling a date schedule from February 25th to April 8th, it was decided to recommend the running at the various meetings of a race for gentleman-owner riders with a minimum weight of 175 pounds, horses to have been hunted regularly and fairly at least 10 times during the past season and so certified in writing by the M.F.H. A cup for the owner-rider winning the most points in these races will be presented at the conclusion of the season.

## NATIONAL SPORTING LIBRARY

In memory of the late Piero Santini, Lida Fleitmann Bloodgood has presented to the National Sporting Library two books of which she is the author - "The Saddle of Queens", published in London by J. A. Allen in 1959, and "Hoofs In The Distance", published in New York by Van Nostrand in 1953. The latter consists of a series of autobiographical chapters covering the early part of her life and ending about 1920. Subsequent chapters were published a few years ago in The Chronicle. Mrs. Bloodgood is one of the most knowledgeable as well as one of the most delightful writers on equestrian sport which this country has ever produced. The richness of her various experiences with horses has very few rivals.

then we must also be willing to work for the physical toughness on which the courage and intelligence and skill of man so largely depend.

"All of us must consider our own responsibilities for the physical vigor of our children and of the young men and women of our community. We do not want our children to become a generation of spectators. Rather, we want each of them to be a participant in the vigorous life."

# RUSSIAN GRAND NATIONAL ENTRIES

The news that Russia has entered three horses for the Liverpool Grand National focusses attention behind the Iron Curtain. As to the qualifications of Epigraff (by German sire Elbgraf-Gassira), Grifel (by Grog II-Festina) and Relief, they all are able steepplers.

Eleven year old Epigraff is a triple winner of the Grand Pardubitz Steeplechase. It is run every year in October, covering 6900 meters (4 m, 2 1/2 f) with 30 big obstacles like the Aintree course. Pardubitz in Czecho-Slovakia is a small industrial town which has had a cavalry tradition since the Austro-Hungarian monarchy. Inauguration of the Pardubitz Steeplechase took place on November 6, 1874. Thus the 1960 race was the 71st edition. In 1955 20 horses started, the most since 1874. During World War I and II the steeplechase was postponed. Threefold winners are the horses Brigand in 1875, 1877 and 1878; the British filly Lady Anne which started six times, won three and placed second and third; and now the Grand National entry Epigraff, ridden by his usual jockey Prachov.

In 1960 there were 14 runners, five Russian and the rest Czecho-Slovakian. Only eight horses finished. The others fell either at the "yew-brooks" - there is a small and a big one - or the "snakebrook". Threefold winner Epigraff looked like the winner during the last third of the race. He stumbled at "the big British obstacle" - as it is called - Grifel took the lead and was pressed by Relief. Then Grifel had condition enough to draw away. The winner Grifel (Ardejev up) with Relief second and Epigraff third. 8 finished; time; 12.31 minutes.

Unlike the Grand National the Grand Pardubitz Steeplechase is not a race on turf, but is more like a point-to-point, being run over fields and brooks at least five meters wide.

Winners at Pardubitz which have crossed the Channel in the past have not been able to finish in the Grand National. It will be interesting to see how this trio will fare in 1961.

Ph. Alles

(Editor's note: It is doubtful at this time if the Russian horses will make it for the Grand National due to the quarantine. However, Mr. Alles has some interesting notes on the background of the horses entered.

## HAWAIIAN RACING

As everybody knows, there is quite a Thoroughbred breeding industry in the great state of Texas. But those who breed their horses in that state must go somewhere else if they want to race them. Same with Oklahoma.

Naturally there are considerable efforts being made in both states to get pari mutuel wagering legalized. (Let's not kid ourselves; betting is what keeps racing in business, sport or no sport. No betting, no racing.)

I'll bet you'd never guess which other state has a lot of pressure to institute racing.

Price \$10.00

## THE PLEASURE HORSE

57 Broad Street  
Elizabeth, New Jersey

A beautifully illustrated and descriptive brochure will be sent on request.

## Hawaii.

The idea is not to support the local livestock industry, as is the case with Texas and Oklahoma. The people in Hawaii who want racing, want it as an adjunct to their booming (and I mean really booming) tourist business.

But how can the horses run thru all those pineapples?

R. J. Clark

## MONMOUTH PARK CALENDAR

The publicity department of Monmouth Park, N. J., sent out a small calendar publicizing their 1961 Sapling and Sorority Stakes. Due dates of the closing of nominations, 2nd payments and 3rd payments are "red letter" days on the calendar. With a \$100,000 minimum gross value guaranteed in each race, horsemen with a "good one" going for them will scan those red numerals very closely. It's a sure bet.

## THOMAS HEFFERNAN

Thomas Hefferman, of Barre, Pennsylvania, is one of the Americans who have been hunting in Ireland this season. He has been out with the Limerick, the Scarteen, the Meath, the Kildare and the Ward Union Staghouls.

Another group of foxhunters from the United States has been hunting with the Galway Blazers, having been mounted by Messrs. Chris and Eugene Daly of the Raheen Riding School.
